- ABS plastic housing for extra durability
- 3-position slide switch

The Energizer logo, featuring the word "Energizer" in a bold, italicized, sans-serif font.

Industrial Flashlights

Heavy Duty

These Fulton heavy-duty industrial flashlights ensure a long life in tough, industrial environments. The flashlights are designed to excel in a variety of special circumstances. If you need a floodlight, spotlight, ring hangers or other options, we manufacture your light.

Shock and corrosion-resistant bodies make them outstanding in an industrial environment. They include a spare bulb and holder as well as heavy duty switch and switch guard. Another exclusive feature is our Magna-Beam™ flood reflector, which covers 10 times more area than ordinary flashlights.

Replacement parts, glass lens and ring hangers are offered as additional options. Standard yellow bodies with black ends. Additional colors available with minimum order of 4,000.

Model 903

Features Magna-Beam™ flood reflector with spare bulb and holder, 2 D cells. **\$6.20 ea.**

Model 903N

Magna-Beam™ – less spare bulb and holder, 2 D cells. **\$5.55 ea.**

Model 904

Fulton's KRYPTON Series... 70% Brighter with Super-Bright Krypton Bulbs

Ideal for meter readers, auto mechanics, electricians, plumbers, home or workshop...wherever extra brightness is appreciated.

Fulton's Krypton 900 series feature super-bright Krypton bulbs...70% brighter than ordinary flashlight bulbs. Like all 900 series lights, we make these for heavy duty use in an industrial environment. They come with either parabolic spot reflector or exclusive Magna-Beam™ flood reflector; heavy-duty switch and switch guard; shock and corrosion resistant. Yellow body with blue ends identify Krypton Models.
